

FLEXI-DIP™

SAMPLING TAPES

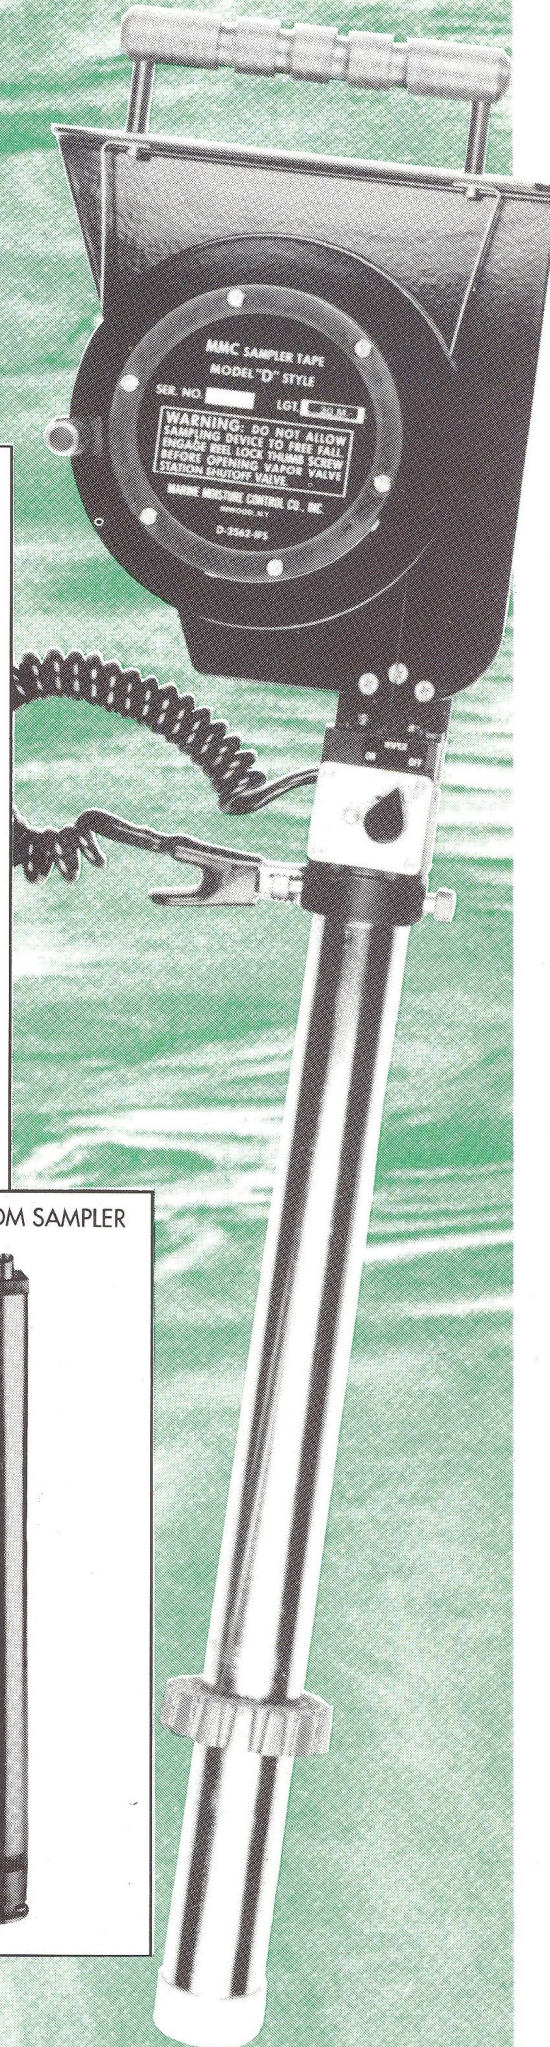

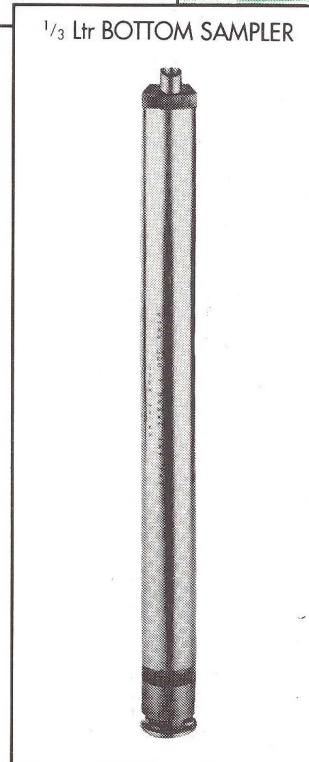

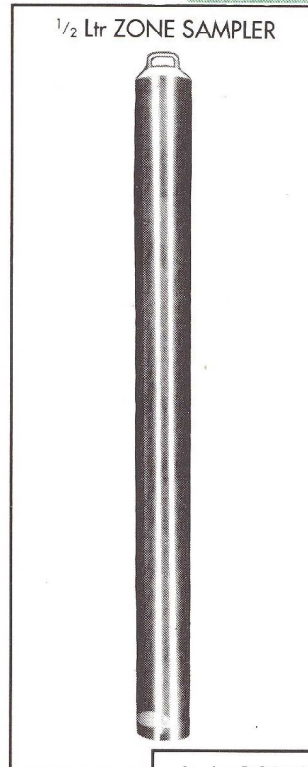

MMC manufactures three sampling tapes for use with its range of vapour control valves.

- The model 2562R2326-30MS9 is used with 4 inch "S" valves and 3 inch Mini "S" valves.
- The model 2562R2326-30M18 is used with "A", "B", Micro "B", F50 and "U" valves.
- The model 2562R2326-30M28 is used for the 1½ inch Mini Micro "B" valve.

Each Flexi-Dip sampling tape comes complete with tape and snap hook.

MMC also manufactures a complete line (4) of stainless steel zone samplers.

- Our model 1Ltr-3.5 x 10 Lg is 1 litre and for use with 4 inch "S" valves.
- The 1Ltr-2.5 x 16 Lg sampler is for the 3 inch Mini "S" valve.
- Also available are two ½ litre models:
½ Ltr-1.625 x 18 for "A", "B", F50 and "U" valves
and ½ Ltr-1.375 x 28 for Mini Micro "B" valves.
- The ⅓ litre Bottom Sampler can be used with all MMC valves.
