

GENEPOL

Water Based General Purpose Detergent

Technical Information

Physical Data

Appearance:	Clear liquid
Flash Point:	Non-flammable
pH (1% solution):	7
Corrosive action:	None on cement, asphalt, ceramic

Description

GENEPOL is a superior liquid detergent with excellent foaming characteristics. It contains effective wetting agents that enable rapid penetration to remove light oils or dirt from various surfaces.

Advantages

- ▶ Highly concentrated product
- ▶ Very economical
- ▶ Non-flammable
- ▶ Pleasant odor
- ▶ Leaves surfaces residue-free
- ▶ Biodegradable
- ▶ Suitable for use in food areas

Application

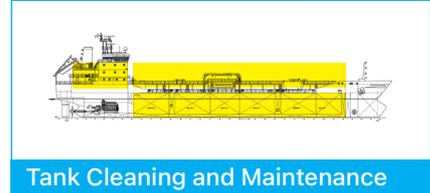

GENEPOL is versatile and can be used in galleys, accommodations, laundries, hospitals, and maintenance departments across various industries. It's also suitable for cleaning reefer boxes, windows, portholes, woodwork, leather, desk surfaces, and more.

Directions for Use - Product Dose

- ▶ Prepare a solution using 2 teaspoons to 1/2 cup per 5 liters of warm water, depending on the degree of contamination. Alternatively, you can use 1 cup of GENEPOL for a bucket of water.
- ▶ Apply the product using mops, brushes, rags, or by dipping the soiled part into the GENEPOL solution.

Note: GENEPOL is not recommended for use in washing machines due to its high foaming properties.

Health Safety and Environment (HSE)

Uniservice Unisafe Srl have carefully developed their products to minimize the safety risks and environmental impact of using their products. However, Uniservice advises that, prior to using its products, users should read in detail the accompanying Safety Data Sheet and ensure that its products are applied within the required HSE regulations of the country in which the user operates. Best practice and safety requirements should be followed which will likely include method statements and risk assessments, together with any specific requirements of the user's own company HSE requirements.

Important Notice

While the descriptions, designs, data and information contained herein are presented in good faith and believed to be accurate, this information is provided for your guidance only. Because many factors may affect processing or application/use, we recommend that you do a test to determine the suitability of a product for your particular purpose prior to use. No warranties of any kind, either expressed or implied, including warranties of merchantability or fitness for a particular purpose, are made regarding products described or designs, data or information set forth, or that the products, designs, data or information may be used without infringing the intellectual property rights of others. In no case shall the descriptions, information, data or designs provided be considered a part of our terms and conditions of sale. Further, you expressly understand and agree that the descriptions, designs, data and information furnished by Uniservice Unisafe Srl hereunder are given gratis, and Uniservice Unisafe Srl assumes no obligation or liability for the description, designs, data and information given or results obtained, all such being given and accepted at your risk.
