Enhancing your fleet performance

PRODUCT DATA SHEET

Octamar™ BT-25

Pre-combus on Addi ves

Advanced dispersant-stabilizer and combus on improver for residual marine fuels

Product Descripti n

Octamar™ BT-25 is a heavy fuel dispersant-stabilizer and combustion improver designed to:

- Maintain fuel stability during blending, handling, and storage,
- Disperse existing sludge and prevent further formation,
- Enhance combustion, reducing unburned carbon deposits in engines and exhausts,
- Clean fuel tanks.

Regular use improves fuel system cleanliness, boosts combustion efficiency, and supports better fuel economy. Suitable for VLSFO with viscosity >110 cSt.

ISO 9001 & 14001 certified by DNV. EU Origin.

Bene ts

- Significantly reduces fuel sludge waste- improved fuel economy.
- Improves combustion efficiency- cleaner engines and exhaust system.
- Truly organic-metal free product.

Typical Propertie

Appearance	Dark brownish liquid
Density at 15°C	950 kg/m³
Flash point	≥61 °C

Typical Applicati ns

- Continuous use: reduces sludge and helps keep fuel systems, engines, and exhausts clean, supporting consistent engine performance.
- Emergency use: restores fuel stability or compatibility after operational issues arise, minimizing downtime.
- Prevents incompatibility during fuel change-over (ECA, VLSFO, bunkering), avoiding sludge and filter problems.
- Maintains long-term fuel stability on laid-up ships; cleans tanks before dry-dock or tank allocation changes (e.g., HFO to MGO), ensuring readiness.

Dosage / Directi ns for Use

The recommended regular dosage of Octamar™ BT-25 is in the range of 1:15,000 to 1:25,000 (1 litre per 15 to 25 tonnes of fuel). Different dosage rates maybe recommended for emergency use and tank cleaning (see also Technical Bulletin Tank Cleaning).

Innospec personnel are always available to assess your specific problems and advise suitable product(s) and dosage program.

Applicati n

For best results, Octamar™ BT-25 should be dosed immediately before bunkering, either manually or with a chemical metering pump.

Storage & Handling on board

Store Octamar™ BT-25 away from heat, open flame and ignition points.

Always carefully read the Material Safety Data Sheet before use.

Pack Sizes

Octamar™ BT-25 is supplied in non-returnable or 25 litre pails.

Innospec's Sustainability Program

Increases fuel efficiency.

Dramatically reduces particle emissions.

Investing just under USD$50 million in Research & Technology annually.
